Institutional Healthcare Pipeline

How ERS moves health authorities, unions, and institutions from awareness → contract → full-scale partnership

1 Target Institutions & Associations ENTRY POINT

HEALTH AUTHORITIES — ACTIVE & TARGET

Northern Health

Active relationship since 2022. Dawson Creek, Prince George, Terrace, Prince Rupert. Master lease target.

ACTIVE

Infrastructure BC

Engaged on UHNBC Prince George. Hospital workforce housing capacity up to 1,000 people.

ACTIVE

Providence Healthcare

Catholic Health system — BC & national. Hospital operator and healthcare ventures arm.

TARGET

Interior Health

Kelowna-based. Active hospital builds across the Southern Interior corridor.

TARGET

Fraser Health

Largest BC health authority. Burnaby Hospital Phase 2 active. Major workforce housing demand.

TARGET

Island Health / VCH

Vancouver Island and Vancouver Coastal. CFB Esquimalt quote active (Victoria).

TARGET

UNIONS & PROFESSIONAL ASSOCIATIONS

BC Nurses Union (BCNU)

Housing-as-retention. Directly represents ERS's core occupant — travelling and rotating nurses.

ASSOCIATION

Doctors of BC / CMA

Physician associations — referral pipelines, locum housing, health authority credibility.

ASSOCIATION

BC Building Trades

Construction union umbrella. Project labour agreements — embed ERS housing in the deal structure.

ASSOCIATION

VRCA / BCCA

Vancouver Regional & BC Construction Associations. Credibility with GCs and project owners.

ASSOCIATION

First Nations Economic Development

Treaty Nations, Band Councils. Equity development partnerships across Northern BC corridor.

ASSOCIATION

Targeted outreach begins

2 Engagement Campaigns

COORDINATED BY SIAVASH

Healthcare Worker Housing Campaign

Health authorities + unions simultaneously. ERS as the solution to recruitment & retention.

Construction Workforce Campaign

Timed to major project starts. Union leadership and general contractors.

First Nations Development Campaign

Community-first framing. Equity, partnership, and shared outcomes.

Investor & Partner Awareness

Private equity, mission-aligned capital, strategic partners.

Municipal & Government Campaign

City councils, economic development offices, provincial stakeholders.

Campaigns drive to website

3 ERS Website → Partnerships Page

eliasrangestays.ca

Primary brand destination. Proof of concept, case studies, services, contact. Institutions land here first.

Health Authority Partnerships Page

Dedicated landing page for institutional prospects — designed for health authority executives. Shows the model, the proof, and the path forward. The first warm handshake in digital form.

LIVE NOW

Qualified prospects enter the education sequence

4 Webinar & Conversation Series

Webinar 1 — The Problem

Healthcare housing crisis in BC. Recruitment & retention data. The cost of doing nothing.

Webinar 2 — The Model

How ERS works. Full-service provider. Single invoice. Zero admin burden for the health authority.

Webinar 3 — The Proof

Case studies. Letters of support. Results from Northern BC. The track record that precedes the ask.

Direct Conversations

1:1 calls with VP-level and board contacts. Facilitated by Siavash. Relationship development.

Warm prospects move to advisory engagement

5 Advisory & Consulting Engagement

Housing Needs Assessment

ERS works with the health authority to map their workforce housing gap — units needed,

Custom Solution Scoping

Site visit, unit inventory review, geographic mapping. ERS presents a tailored operational

LOI / MOU

Letter of Intent or MOU to formalize intent

locations, timelines, current cost. This becomes the foundation of the proposal.

and financial model matched to their specific needs.

before full contract. Signals institutional commitment.

- Fully furnished & managed
- Single monthly invoice
- 24/7 ERS support
- Prove the model before scaling
- Short-term commitment (3–6 months)

Institutional Package

GROWTH

- 10–50 units across one or more sites
- Dedicated ERS liaison
- Custom lease & billing structure
- Health authority procurement alignment
- Monthly reporting & occupancy dashboard
- 12–24 month agreements

Infrastructure Package

FULL PARTNERSHIP

- Purpose-built healthcare housing hub
- Master lease agreement
- Hospital-adjacent development
- ERS operates + manages long-term
- Government equity option available
- Multi-year, region-wide commitment

Package → Signed contract → Delivery

7 Contract Scale – What ERS Delivers

Single Unit Housing Management

Furnished unit, managed end-to-end. The entry point.

Hospital Housing Accommodations

Full accommodation supply for a hospital's travelling and rotating staff.

Community Sourcing Plan

ERS maps and secures housing across a full community or region — not just one building.

Administration & Logistics

Billing, reporting, compliance, move-in/move-out coordination — fully managed by ERS.

Investment & Infrastructure

Purpose-built development, investor equity, government partnership, long-term asset ownership.

The End State — ERS as Preferred Healthcare Housing Partner

Health authorities, construction companies, and institutional partners across BC know ERS before they need us — and call us first when they do. Every touchpoint in this pipeline builds that reputation, one relationship at a time.
